SUMMARY

Computer Science graduate with hands-on experience as a **Full Stack Developer**, skilled in React.js, JavaScript, Node.js, Express.js, PostgreSQL, MongoDB, Supabase, and Git. Experienced in building responsive web applications and REST APIs.

EXPERIENCE

Project Coordinator & Core Tech Member May 2025 – June 2025
ByteFest Ambajogai, Maharashtra · On-site

- **Website Developer** – Designed and built a fast, responsive, and dynamic event website.
- **Data Manager** – Ensured secure handling of participant data and registrations.
- **Core Organizer** – Participated in planning, coordination, and execution of the technical fest.

PROJECTS

EdTech Learning Platform | Live Website

- Developed a full-stack **EdTech platform** for courses, quizzes, assignments, certificates, and progress tracking.
- Built responsive **React.js** dashboards with **role-based access control** for students, instructors, and admins.
- Integrated **Supabase PostgreSQL, Auth, and Storage** for data management, authentication, and file storage.
- Developed **Node.js/Express.js REST APIs** for secure backend operations and platform functionality.

Inventory Management System

- Developed a web-based inventory management system for automobile spare parts.
- Implemented secure **CRUD operations** and **role-based authentication** for admins and users.
- Integrated **MongoDB** for inventory tracking and efficient data management.
- Added **search, category filtering, and CSV export** to improve inventory management.

ByteFest 2K25 | Live Website May 2025 – June 2025

- Designed and deployed a responsive event website handling **2000+ daily visitors**.
- Managed participant registrations and event data for **1500+ attendees**.
- Provided technical support and system maintenance during the fest.

EDUCATION

MBES College of Engineering CGPA: 6.06
Bachelor of Technology (B.Tech), Computer Science Ambajogai, Maharashtra

SKILLS

Programming Languages: C, C++, Python
Frontend Development: HTML, CSS, JavaScript, React.js
Backend Development: Node.js, Express.js
Databases: PostgreSQL, Supabase, MongoDB, Firebase
Authentication & Storage: Supabase Auth, Supabase Storage
Tools & Technologies: Git, GitHub, VS Code, Linux, REST APIs
Interpersonal Skills: Communication, Critical Thinking, Problem Solving, Team Leadership, Time Management
